

Wellgain
Greenhouse

Xiamen Wellgain Greenhouse Co.,Ltd.

Greenhouse construction & planting equipment

Innovation, specialty , service, planting guidance and solutions

www.wellgainingreenhouse.com

Overall solution of greenhouse and planting guidance

15 years of greenhouse design and construction experience, 20 years of large-scale farm planting experience. our advantages :

1. One-stop procurement
2. Reliable after-sales service
3. Good fertilizer and seeds
4. Professional planting guidance and solutions

Greenhouse supporting system

Artificial lighting

Cooling

Circulation fan

Shading system

Key to success

Provide the optimal production environment for crops

Planning
climate, crops,
inputs, markets, risks

Plan implementation
design, production,
quality inspection

Installation
guidance, supervision

Services
maintenance, planting
management, training,
Suggestions

The harvest

Fogging system

Crop orbit

Heating system

Intelligent control

Film greenhouse

is economic and applicable, high yield

Provide different greenhouse structure according to the needs of customers

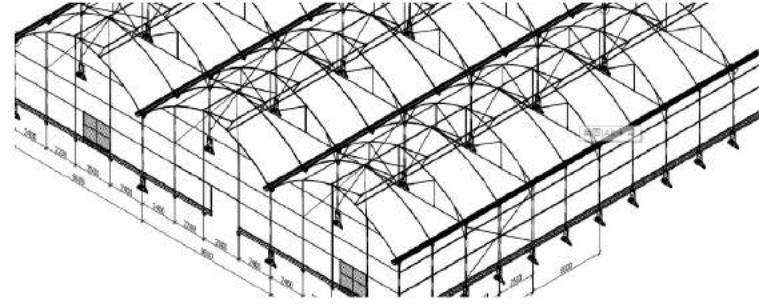

Diagram	Features	Span	Section	Gutter Height	Height at ridge
 <p>Economical</p>	<ul style="list-style-type: none"> -single film -roof:fixed vent -side:rolling up system -insect proof system 	9.6m	4m	From 4m To 4.5m	From 6.5m To 7m
 <p>High sawtooth</p>	<ul style="list-style-type: none"> -single/double film -roof:single/double row of sawtooth/no window -side:rolling up system -insect proof system 	8m 9.6m 12.8m	4m/5m	From 4m To 5m	From 6.5m To 7.5m
 <p>Mid sawtooth</p>	<ul style="list-style-type: none"> -single film -roof:rolling up system -side:rolling up system -insect proof system 	6.4m 8m 9.6m 10m 12m	4m/5m	From 4m To 5m	From 6.5m To 7.5m
 <p>Tunnel</p>	<ul style="list-style-type: none"> -single film -side:rolling up system -insect proof system 	8m 9m 10m	1m/1.5m /2m		From 3.5m To 4.5m

Product Description

- 1.The most economical and affordable greenhouse.
- 2.The prefabricated greenhouse style use the bolt and nut to connect, easy assembly without any welding point.
- 3.All main parts are hot galvanized . It guarantees the optimal performance of anti-corrosion, with more than 15years service life.
- 4.Customized design and high quality material.
5. Greenhouse intensity and greenhouse system can be increased according to different climate

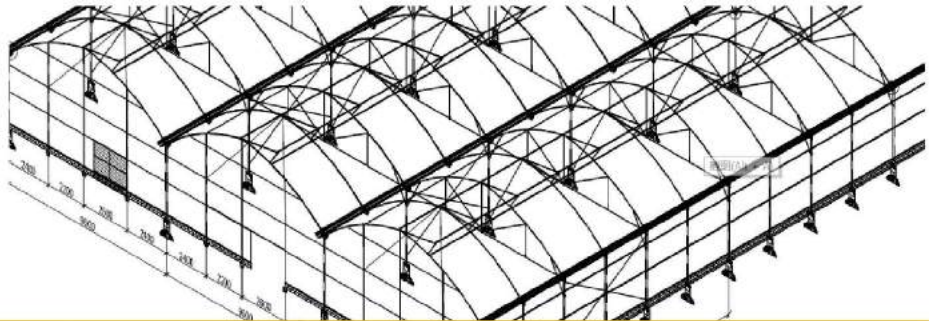

Hydroponic system

Provide customers with efficient facilities

Perfect solution for planting. From seedling to crop design, we design different planting methods for different crops. We are good at growing and managing solanaceous, lettuce and so on. We have 20 years of experience growing large farms.
